

BUILDING VALUE WITH VISION

Plaza has a history of developing remarkable interior spaces while focusing on value. Our extensive offering of capabilities in this area allows us to tailor our services to the requirements of the project – whether small or large-scale, fast-track or long-term. We respect uniqueness, and pride ourselves on our flexibility. Therefore we work with our clients to produce memorable interiors efficiently and cost-effectively, while remaining true to their vision, and maximizing the value for every construction dollar spent.

#### **MORGAN STANLEY**

*Harrison, New York*

Morgan Stanley purchased the former Texaco headquarters building in Westchester County, NY with plans to develop a Westchester headquarters including primary and emergency trading facilities totalling 1175 trading desk. The building, consisting of three levels of more than 250,000 square feet each, had newly constructed open area workstations and perimeter offices, along with conference center, cafeteria, reception spaces and two data centers totaling 20,000 square feet.

#### **SUNGARD**

*New York, New York*

A global leader in software and processing solutions for the financial services, higher education and public sectors, SunGard provides its customers with uninterrupted access to their data. This entails supporting 30 computing platforms, providing 4 million square feet of secure operations space, and managing 25,000 miles of dedicated network backbone. In order to continue delivering these services to key financial sector clients, the company's Manhattan facility needed substantial renovation on three levels.

#### **BILZIN SUMBERG ATTORNEYS AT LAW**

*Miami, Florida*

Bilzin Sumberg, a Florida-based law firm with a national presence and a high profile in the Southeast region, needed a new headquarters building that would project a savvy, professional image to its growing roster of corporate clients in the upscale Brickell Avenue area of Miami.

MORGAN STANLEY  
*Harrison, New York*

"I want to personally thank you for the work that Plaza Construction did for my company recently. This was not an easy undertaking as the floor was fully occupied so we had no room to tolerate any disruption of business and more importantly that our personnel felt safe during the entire construction duration."

*– Frank Alonso, BBVA*
