

PLAZA
R E T A I L

B U I L D I N G V A L U E W I T H V I S I O N

We begin by learning the culture of the client brand. Then we adjust our services and adapt our staff to align with that brand, respecting what’s important and unique about it. Retail is all about the details – the right materials, the attention to finishes – and delivering a product that is consistent with the client image. We are a collaborator to assist them in completing their offering to the public.

THE SHOPS AT ATLAS PARK

Glendale, New York

Atlas Terminal is a 25-acre industrial park in the Glendale section of Queens, NY, dating back to the early 20th century. ATCO Properties & Management, which has owned the property for 80 years, launched a comprehensive redevelopment of a 12-acre portion of the site with Plaza as its builder. The result is an extraordinary public space with 310,000 square feet of retail space, 90,000 square feet of office space, a movie theater and a 650-car multi-level garage.

TARGET, BRONX TERMINAL MARKET

Bronx, New York

Since we had met all of Target’s milestones and turnover requirements in the construction of the 16-acre Bronx Terminal Market, Plaza was the company’s natural choice for the fit-out of its new Bronx store. Further, since Target had experienced mixed success in New York City, it needed a construction partner that could capably navigate this unique market. We have gone on to service Target’s construction needs on larger geographic scale.

CANALI, VILLAGE OF MERRICK PARK

Coral Gables, Florida

Canali, an upscale retailer based in Italy, offers fine Italian-made men’s clothing and accessories. Having a strong international presence, the company sought to make its mark in the U.S. with a new store strategically located in the Village of Merrick Park in Coral Gables. Plaza was hired for the store’s interior build-out.

THE SHOPS AT ATLAS PARK
Glendale, New York

"Thank you for your untiring efforts,
resilience and devoted partnership to
build us a great new store."

- Darrell E. Schweigert, Target Corporation
